QUEST SIGNATURE™

MASTIC
HOME EXTERIORS

No paint. No stain. No hassles. A premium vinyl siding with the classic look of authentic wood siding. Solid and tough. A tornado-tough, double-thick nail hem that keeps siding firmly in position, even during high winds. Patented T3-Lok[®] panel locking system eases installation and increases strength. Quest Signature.™ Incomparable beauty. Unmatched performance.

VINYL SIDING GIVES CONSUMERS WHAT THEY WANT.

Quest Signature™ Delivers.

DURABILITY. If you're looking for siding that is durable and low maintenance, and looks beautiful, Quest Signature siding is the ideal choice. Quest Signature will enhance your home's appearance today — and for years to come.

NO PAINT, NO STAIN, NO HASSLES. Quest Signature, a premium panel, never needs paint or stain. Unlike real wood siding, it won't crack, peel, flake or rot. Revolutionary technologies like Mastic's exclusive Hang-Tough™ Technology, Kynar 500® Protection and Duranyl 5000® Protection System maximize the panel's weatherability and deliver additional protection — and peace of mind — for your investment.

COLOR AND TEXTURE. Featuring a realistic cedar grain, Quest Signature is available in a virtually endless palette of colors — 35 base colors and more than 700 DreamColor® hues.

PEACE OF MIND THAT LASTS A LIFETIME. Quest Signature is backed by the Mastic V.I.P. Limited Lifetime Warranty — a real warranty backed by a solid company. Mastic has been a trusted industry leader for more than 50 years. Please see our warranty for complete details.

Beauty that lasts. Based on an average-size home, repainting or staining can cost up to \$6,000 every four years. Quest Signature never needs painting, caulking or patching because, unlike wood, it won't crack, peel, rot or split.

NO PAINT. NO STAIN. NO HASSLES.

SAVINGS IN PAINTING COSTS

MASTIC SAVINGS ADD UP

MASTIC HANG-TOUGH™ TECHNOLOGY

Exclusive formulation and process boosts durability so panels are more resistant to cracking, impact and thermal distortion. As an added benefit, rich color resides throughout the panel — virtually eliminating the appearance of nicks and minor surface scratches.

DURANYL 5000® PROTECTION SYSTEM

Proprietary technology adds extra UV protection to our deepest, most vivid colors — protects color against harsh elements and maximizes long-term weatherability.

KYNAR 500® PROTECTION

Our cedar colors feature an exclusive thermal bonding process utilizing weather-resistant polymers and Kynar 500® to create a protective coating with superior weatherability and color retention.

MASTIC V.I.P. LIMITED LIFETIME WARRANTY

Premium guarantee of lasting quality and peace of mind — backed by Mastic, a trusted industry leader for 50+ years.

See warranty for complete details.

Test our vinyl. We do. Rigorously. Relentlessly.

WEATHERING Color retention (resistance to fading) is tested by subjecting Mastic products to real-time weather conditions and accelerated UV testing. This ensures that Mastic products will hold up in the most extreme environmental conditions.

OIL CAN TEST Siding panels are placed under heat strips and saturated to 120° – 140°F to make sure the siding doesn't warp or buckle.

RIGIDITY Panels are designed and engineered to be more rigid so siding remains straight on the wall.

GLOSS TEST A digital readout microgloss meter is used to scan siding to determine if its gloss falls within a target range. Gloss is important to the aesthetic appeal of the siding.

COLOR READ TEST Using a spherical spectrophotometer, a 10,000-watt xenon flash tube bounces light off siding panels. This information is then analyzed to determine if the color falls within accepted ranges for consistency and match.

VERTICAL HEIGHT IMPACT TEST Measures the product's durability and ability to resist impact forces — the result of proper thickness, formulation and impact modifiers.

Quest Signature Double 4" in Quiet Willow

Time-tested. VSI certified. And more.

The Vinyl Siding Institute (VSI) is dedicated to assuring vinyl siding delivers maximum performance in every application. Mastic vinyl siding products meet or exceed ASTM D3679 performance standards in the VSI certification program.

ASTM D3679 was developed by consensus through ASTM International, one of the largest standards development organizations in the world. Vinyl siding that meets this ASTM standard will:

VSI	MASTIC
WITHSTAND THE IMPACT OF RECOMMENDED INSTALLATION PROCEDURES.	 Mastic siding is designed and engineered to withstand impact beyond that required by ASTM D3679.
STAY ON THE HOUSE IN HEAVY WINDS OF AT LEAST 110 MPH.	 Quest Signature is rated at up to 240 mph.
LAY STRAIGHT ON A FLAT WALL AND NOT BUCKLE UNDER NORMAL CONDITIONS.	 Our product development team subjects Mastic products to a battery of rigorous tests to ensure superior quality and performance and, in addition to lay-flat design features, some Mastic products are even designed to hide existing imperfections in construction.
WITHSTAND THE EFFECTS OF NORMAL SEASONAL TEMPERATURE FLUCTUATIONS.	 With our exclusive Duranyl 5000® Protection Sytem and Hang-Tough™ Technology, Mastic products are engineered to persevere in the most extreme conditions.
MEET MANUFACTURERS' ADVERTISED SPECIFICATIONS FOR LENGTH, WIDTH, GLOSS AND THICKNESS — AND HAVE A MINIMUM THICKNESS OF .035.	 Quest Signature features a premium thickness of .046 — 31% thicker than the minimum requirement.

effortless beauty

PATENTED T3-LOK™
Panels grip together for fast, easy installation — uniquely designed lock tightens under pressure so siding stays put even through the most challenging weather.

TORNADO-TOUGH, DOUBLE-THICK NAIL HEM
Fold-over nail hem features a projected stop and provides a stronger anchoring surface — siding stays firmly in place, even in high winds.

NEW PREMIUM .046 THICKNESS
Superior thickness and impact resistance.

LONGER LENGTHS AVAILABLE IN DOUBLE 4" AND DOUBLE 4-1/2" DUTCH LAP — 16' 8"
50% fewer seams — for a cleaner, straighter, more professional look. Ideal for larger homes and light commercial applications.

ENHANCED 3/4" PANEL PROJECTION
Oversized to provide extra rigidity — and uniquely angled to create straighter, deeper shadow lines.

WIND SPEED — RATED UP TO 240 MPH
Mastic's proprietary design and engineering delivers a panel that achieves superior wind resistance.

KYNAR 500® PROTECTION
Our cedar colors feature an exclusive thermal bonding process utilizing weather-resistant polymers and Kynar 500® to create a protective coating with superior weatherability and color retention.

DURANYL 5000® PROTECTION SYSTEM
Proprietary technology adds extra UV protection to our deepest, most vivid colors — protects color against harsh elements and maximizes long-term weatherability.

MASTIC HANG-TOUGH™ TECHNOLOGY
Exclusive formulation and process boosts durability so panels are more resistant to cracking, impact and thermal distortion. As an added benefit, rich color resides throughout the panel — virtually eliminating the appearance of nicks and minor surface scratches.

CLASS 1(A) FIRE RATING

METRO-DADE COUNTY APPROVED

A HEALTHY RESPECT FOR THE PLANET — AND OUR CUSTOMERS.

Everything we do, big and small, revolves around our respect for our customers — and the environment. We're committed to zero-waste manufacturing, process optimization, sustainability, recycling and the conservation of energy and water. In fact, we put sustainable practices to work at every stage of our process — engineering, testing, product development, manufacturing, transportation and beyond.

HEALTH AND SAFETY

Does not utilize materials that can cause adverse health effects to installers or to you.

EMBODIED ENERGY

Requires less energy to manufacture per square foot than fiber cement or brick.

ENGINEERED FOR SUSTAINABILITY

Potential to earn more points in leading green building certification programs and contributes significantly less to global warming than other exterior cladding.

MATERIAL EFFICIENCY

Generates less on-site construction waste than cardboard packaging, brick or lumber.

Unlike some fiber cement products, vinyl siding does not produce harmful silica dust — silica dust can cause lung disease.

Genuine Mastic. First in home exterior products.

Only the best. Mastic Home Exterior is your solution for the finest-quality vinyl siding products and our exclusive Designer Accents™ collection of finishing accessories. Shutters. Decorative door and window mantels. Corner posts. Blocks and vents. Columns and gutters. All designed to perform — and coordinate — perfectly with your Mastic siding. For uncompromising quality, beauty and performance, insist on a complete exterior by Mastic Home Exterior.
